SME Climate Hub

L'SME Climate Hub è un'iniziativa della Camera di Commercio Internazionale, di Exponential Roadmap Initiative, della Coalizione We Mean Business e della Campagna Race to Zero delle Nazioni Unite.

L'SME Climate Hub ha anche unito le forze con il team Net Zero Climate Research and Engagement dell'Università di Oxford per fornire alle piccole e medie imprese un database di strumenti e risorse pratiche per ridurre le emissioni e costruire la resilienza aziendale.

Siamo convinti che l'azione climatica sia **affare di tutti**.
